

History of Phase Transition Theory

Qing-Jie Yuan

Contents

1	Introductory	1
2	Before Landau	1
3	Landau phase transition theory	1
4	BCS theory	1
5	Spontaneous symmetry breaking in QFT	1
5.1	Nambu - chiral symmetry breaking	1
5.2	Goldstone theorem	1
5.3	Higgs mechanism	1
6	Wilson - renormalization group flow	1
1	Introductory	
2	Before Landau	
3	Landau phase transition theory	
4	BCS theory	
5	Spontaneous symmetry breaking in QFT	
5.1	Nambu - chiral symmetry breaking	
5.2	Goldstone theorem	
5.3	Higgs mechanism	
6	Wilson - renormalization group flow
